Jyväskylä City Theatre's foyer and terrace / Vapaudenkatu 36, 40100 Jyväskylä

DATE AND TIME

Saturday the 25th May, 2019, from 11 am to 5 pm and the evening program from 8 pm to 9.30 pm.

The works are installed on Saturday the 25th May starting from 9.30 am or on Friday the 24th May from 4 pm to 7 pm.

PRESENTING YOUR OWN ARTWORKS, ARTISTIC EXPRESSION AND WAY OF WORKING

The artworks, artistic expression and ways of working are presented in different ways. Choose one or more from the following alternatives.

• A Stand

Book a stand of your own, sized app. 2 x 1,5 m, where you can show your way of working and artworks. A table, some chairs, an easel, a wall plug and some free wall space or a folding screen are available to you. The stand is a good site for a work of an interactive or performative nature, too.

• A Screen

Do you do digital works or videos, short films and animations or do you perhaps have a digital game to

show? Or would you like to present a slide-show on a screen? A collage of the digital material sent in advance is shown on the screen. Headphones are available, too.

- **Onstage**

Are you interested in presenting your artworks and way of working onstage? The presentation may be for example a statement about art and visual culture in general. There is a computer, a video projector and a screen available. Book time for your onstage program.

- **Workshop**

Do you want to organise a workshop? You can arrange different kinds of workshops or interactive works in the event. The workshops are aimed at both the registered participants of the event and the public visiting it. The materials and utensils needed will be discussed with the organisers of the event.

- **A Performance or an Intervention**

Is your way to express yourself a performance, an interference or an intervention in some space, situation or happening? Nuori Taide welcomes all those. Due to the fact that the venue is a single, open space and the program includes speeches, the interventions, depending on their nature, are scheduled before the event.

- **Whatever**

Do you want to present your artworks, artistic expression and way of working in some other ways? Please, let us know how.

- **Inside or outside in public urban space**

The venue is a big and spacious foyer of Jyväskylä City Theatre. The terrace of the theatre is at use, too. You can also act and work in a nearby park and streets.

!NB!

If you have any wishes to fulfil or things to be considered (for example hypersensitivity or issues concerning accessibility), please let us know so that we can notice them in the arrangements.

MEETING WITH A PRO

You have a chance to discuss your artworks, artistic expression and way of working with the professionals of art and visual culture. The duration of the meeting is about half an hour and the meetings are scheduled before the event.

1) If you present your work in public, the art professional studies your artworks, sees your performance or intervention and discusses them with you at your stand or on a discussion point.

2) If you do not present your work in public, you can yet meet with the art professional and discuss your artworks, artistic expression and way of working with the pro.
